## ABOUT VENICE ART

The Venice Art Terrazzo Company has over three quarters of a century in service and experience throughout this complex and yet economical flooring industry. Family owned and operated since 1934, we pride ourselves in our passion, expertise, and dedication to bring the art form of terrazzo to life.

Our proven commitment is evident through guaranteed quality work in a product line which ranges from the beautiful art of terrazzo, with its infinite design capabilities, to the heavy-duty, highly chemically resistant thin-set industrial flooring systems.

## ABOUT TERRAZZO

Terrazzo is a composition material that is poured in place. It consists of marble aggregate with either a cementitious or epoxy binder. It is poured, cured, ground, and then polished.

The result is a long lasting beautiful floor that can be admired for generations. Terrazzo is truly a versatile material that has design potential to create floors unique and different from any other in the world.

It is easy to clean and maintain because of its smooth seamless application. This makes it ideal for places where sanitary conditions are a must.

So with careful design, and our quality craftsmanship, one can create elegant style with a permanent beauty. Terrazzo is truly the choice for many generations to come.

## INFINITE CAPABILITIES

Classically used in commercial and large scale projects, terrazzo is rapidly becoming more popular in residential and designer marketplaces. We have the experience, skill, and knowledge to keep up with this increase in demand. The combination of beauty, infinite color choices, durability, and low maintenance makes it an attractive choice for all types of designs.

This has led to a present day renaissance of many architects, designers, and home owners wanting to explore the vast range of capabilities that terrazzo has to offer.

Terrazzo can be made to match a variety of different looks and styles that you may wish to achieve. Come visit with our experts who will gladly assist you in creating your personalized custom terrazzo floor.

## CUSTOM TERRAZZO COUNTERTOPS

In addition to floors, we also offer terrazzo countertops. Our counters are custom made and hand crafted to various specifications. Choose from a large variety of colored resin or marble aggregate blends.

This allows you to create your own unique one of a kind countertop. Besides the large selection of marble aggregates available, you may also choose to incorporate glass, mirror, or mother of pearl in your selected mix.
